

INSTRUCTIONS

Assignment 2

Life in the Roller Coster Data

Convert this data into a pivot table and find the overall average speed of all rides that satisfy the following criteria:

1. The Type is Steel
2. The Design is Sit Down
3. The Amusement Park has the word adventure somewhere in the title
4. Year Wise Roller Coster wise Average Speed (Show in a trend Line)
5. Type and Design wise Average Speed.

All this above analysis should be visualized in the charts. Finally, the Sheet should be saved as Holiday Pivot.
